TO OUR SUBSCRIBERS.

We desire to call attention to the printed addresses and dates on our papers. We shall be pleased to correct any errors that have occurred. Each subscriber's account is appended to his address. Some of our subscribers owe for their subscription to both the Watchman and the Southron. In such cases we have put the amount due to John Doe, 1.70, Aug. 2, 81, mes. 1/2 that John Doe owes one dollar and seventy cents up to Aug. 2, 1881. This includes his indebtedness to both papers. In other cases, where but one paper was subscribed to, we have simply put the date of that subscription, indicating that the person owes from that date or has paid up to that date.

Mrs. J. McD. Law, of Salem, died on the 17th instant. Six colored people had died in this vicinity during the past week.

Yesterday there was an eclipse of the sun but it was invisible.

Thanksgiving turkeys between this and Thursday will roost high.

Found-an iron key, which the owner can have by identifying, &c., at this office.

New moon yesterday morning at 7 minutes after 11 o'clock.

Lumber is being hauled on Monumental Square, preparatory to having it leveled in.

The fire wall at the crossing of Main and Liberty streets is being repaired.

A new and improved washing machine, represented as a great economy in point of time and labor, on the old wash-board system, was exhibited on the streets yesterday.

The sudden change in the weather has caused overcoats to be taken down, and summer apparel to go up in their places.

Everything cheap at Scherwin's.

We are requested to state that there will be a meeting of the Sumter Social Dance Club, at Music Hall, on next Friday evening, to make arrangements for the first dance, to be given on the 1st of December. Members are requested to attend.

At the usual hour yesterday morning the extra term of Court was opened in Manning. Solicitor Dargan and all the other officials of the law were in attendance, except His Honor Judge Mackay-by reason of whose non est in court Court was adjourned sine die.

A Literary Club was organized last evening in this place by a number of young men. Mr. W. J. Beard was chosen President, and Mr. F. H. Wilson, Secretary. On next Tuesday evening the following query will be discussed, "Is Pope's 'Essay on Man' an argument in favor of infidelity?"

A stalk of sugar-cane has been left at our office by Mr. Davis Brogdon, which was grown on his farm, and is an extraordinary specimen for this region. It was over five feet long, fully matured, and large in proportion. The number of inches, in circumference we would gladly give, but as this stalk of sugar cane would only be as small "chaw" for us all, when viewed in comparison with a pomelo-grape measuring 131-4 inches in circumference, which a friend presented to one of our contemporaries the other day, we are therefore compelled to lie low on the circumference question. As this pomelo-grape measured nearly four yards in circumference-if not in diameter-we know the sanctum must have been considerably cramped until sufficient time could elapse that all hands might devour the afore-mentioned pomelo-grape.

Motto Sings-Peats, Cup and Saucer, At Seabe's.

Henry Johnson, the murderer of John Davis, who is to be hung on Friday, wrote Sheriff Durost a letter yesterday afternoon, which is in substance, "I want either to be hung or turned loose, and not choked for several hours." He also requested that he be given an extra good meal on Friday morning before his execution, and says that if a biscuit is given to him when on the gallows, he will eat it with relish.

The gallows will be placed in the jail yard, between the stable and the fence facing Sumter street, and the execution will be private-only the witnesses provided by law being admitted. Johnson says that as he sits in the cell and listens to the carpenters at work on the gallows upon which he is to be hung, he would feel better satisfied if Orange Isaacs and others who he claims are implicated in his crime, were going along with him.

The Factory

Will be roofed in and the flooring put down this week. In ten days time the building will be ready for the machinery to be put up. The books are still open and a few more shares are yet undisposed of and any person or person desiring to invest should immediately make known their desire to the President, Mr. D. James Wain, who informed us yesterday morning that the Factory will be ready to commence operations by the first of January. Mr. Wain further informed us that he had just received some orders for yarn, and that he would have more orders to be filled than the Factory could turn out for the time after it commences running.

Fire at Mayesville.

The dwelling of Mr. W. J. McLeod, Jr., of Mayesville, S. C., was totally destroyed by fire on Sunday morning, 20th instant. The family were at Church when the fire was discovered. The "Stonewalls" turned out with their "Machines" promptly, and but for want of water, could have saved the building. The house was insured in the Continental Insurance Company of New York, (represented by Mr. F. J. Mayes), for \$1,000.

We are glad to learn that the furniture, (upon which there was no insurance,) was nearly all saved.

The fire is supposed to have been accidental.

A World of Good.

One of the most popular medicines now before the American public, is Hop Bitters. You see it everywhere. People take it with good effect. It builds them up. It is not so pleasant to the taste as some other bitters as it is not a whiskey drink. It is more like the old fashioned one set that has come a world of good, if you don't feel just right try Hop Bitters. -Nunda News.

IN MEMORIAM.

When the body, worn by pain and suffering endured for weeks, succumbs, and the Angel Death touches with his wings, our loved ones and summons them away, though the pain be keen, yet are we in a measure prepared for the shock, and while our hearts bleed we bow in submission, feeling we would not, if we could, call them back. But who but those having the experience, can fully realize the force of the blow, when in a moment, as it were, the strong and apparently healthy are called from time into eternity.

This reflection is called up by the Death of Col. R. L. HERIOT, which took place on Friday morning, Nov. 4th, 1881, in the 71st year of his age. Thus died, one of Sumter's oldest citizens, who though possessing the frailties incident to humanity, yet had a heart warm in sympathy for the sufferings of his fellow-man.

The proudest tribute that could be paid, was made by a life-long associate, who said to the writer, "It was impossible for him to do an unkind act."

It was the writer's privilege to have been intimately acquainted with him only for a few short months, sufficiently long, however, to fully appreciate his sterling worth, and to be, with many others, now mourns his loss. To the beloved partner of his life, she who through a long series of years, rejoiced when he rejoiced, and sorrowed when he sorrowed, words would be idle. God help her, who he can, to his sons and daughters, who now mourn the loss of their father, and to her, we would say, that He who ordered the stroke has promised to be "a Father to the fatherless," and that he does not willingly give or afflict the children of men. W. E. J.

HOLLOWAY'S PILLS-Never Despair. Something that never fails-Fever and Ague-Too sick to sit up of little consequence how they are cured, whether from a national view of the disease or by the rules defined for the guidance of the profession, so long as the cure is certain and expeditious. To a suffering man the question on the relative merits of quinine or calomel is uninteresting. The facts may wrangle and discuss their various theories, but Dr. Holloway's treatment dispels doubt ere the disciples of Esculapian have finished the first stage. Holloway's Pills are the only remedies which effect a speedy and radical cure without danger of a relapse.

Important Caution-None are genuine unless the signature of J. HOLLOWAY, Germaine, each box of Pills and Ointment. Boxes at 25 cents, 50 cents and \$1 each.

There is considerable saving by taking the larger sizes.
